

## **A Particle List of Recent Land Based Salmonid Farms Globally**

One of the biggest players expects 3-5 land based projects to be contracted to them to be built a year for the next few year based on current plans “in the pipe”. <http://salmonbusiness.com/graakjaers-ambitions-in-norway-we-expect-3-5-projects-a-year/>

Akva and Billund, two of the largest RAS systems providers globally, can't keep up with orders and the growth rate. <http://salmonbusiness.com/akva-group-in-demand-order-backlog-rose-to-e145-million/>

Norway is charging/auctioning new salmon farming licenses at \$11.3M USD to \$13M USD per 780 mt standard license. Land based RAS licenses are FREE. Now, with a fee schedule like that, what method do you think the Norwegian environmental agencies have decided to promote....? <http://salmonbusiness.com/grieg-edgy-as-marine-land-prices-converge/>

### **Norway**

Salmon Evolution. Started construction 2018. 28,800mt in one phase.

<http://salmonbusiness.com/salmon-evolution-gets-green-light-for-land-based-fish-farm-the-largest-facility-of-its-kind-in-europe/>

Salmofarms. 5,000mt and then another 5,000mt in two phases. Started construction in 2018.

<http://salmonbusiness.com/yes-salmofarms-will-build-land-based-salmon-farm-in-norway-e52mn-project-to-get-under-way/>

Nordic Aquafarms. 2,000 mt completed, 4,200mt under construction in 2018 with plans for “additional rapid expansion beyond this”. [http://www.nordicaquafarms.com/portfolio\\_page/fredrikstad-seafoods-proceeds-with-expansion-plans/](http://www.nordicaquafarms.com/portfolio_page/fredrikstad-seafoods-proceeds-with-expansion-plans/)

Salmo Terra 8,000 mt. Started in construction 2018. [https://www.kyst.no/article/slik-vil-salmo-terra-producere-laks-paa-land/](https://www.kyst.no/article/slik-vil-salmo-terra-produkere-laks-paa-land/) and <https://www.graakjaer.com/Nyhedsvisning-11/GraakjAer-and-Salmo-Terra-are-entering-into-a-partnering-agreement?Action=1&M=NewsV2&PID=36989>

Losna Seafoods. 7,000 mt. Starting construction 2018. <http://salmonbusiness.com/go-ahead-given-to-build-norways-largest-land-based-fish-farm-complex/>

Green Atlantic Salmon by INC. 1,000mt pilot project going to 10,000mt. INC group in Florø, through the newly started company Havlandet RAS Pilot Started 2018. <http://salmonbusiness.com/88e-mn-sought-for-hydrogen-plant-ras-combo/> and <https://ilaks.no/innovasjon-norge-stotter-pilot-anlegg-for-landbasert-produksjon-av-laks-med-15-millioner-kroner/>

Gigante Salmon 3 sites of 10,000 mt each. Starting construction in 2019.

<http://salmonbusiness.com/no-one-has-as-yet-managed-to-document-land-based-industrial-salmon-production-its-just-not-that-simple-and-therefore-must-be-taken-seriously/>

OFS Maloy, Sogn og Fjordane, 15,000 metric tons. Tech from NIRI and stocking in 2019.

<https://www.undercurrentnews.com/2019/01/04/norwegian-firm-given-nod-for-15000t-land-based-salmon-farm/>

Blom Fioskeoppdrett. Bergen Norway, 20,000mt. Planning started 2019.

<https://salmonbusiness.com/blom-fiskeoppdrett-aiming-for-new-20000-tonne-a-year-land-based-salmon-farm/>

Many more are in the early planning stages and we see new ones announced almost weekly. Eg “Scheduling land-based fish farms in the billion-class at Nordmøre 6 august 2018“

<https://ilaks.no/planlegger-landbasert-oppdrettsanlegg-i-milliardklassen-pa-nordmore/>

## USA

Nordic Aquafarms. Belfast Maine. 10,000mt growing to 33,000mt in phases. Started construction 2018.

<http://www.nordicaquafarms.com/>

Nordic Aquafarms. Humbolt, California. 50,000mt. 2020 spring.

<https://bangordailynews.com/2019/02/10/news/midcoast/company-behind-proposed-belfast-salmon-farm-planning-a-2nd-facility-in-california/>

<https://salmonbusiness.com/nordic-aquafarms-to-huge-indoor-fish-farm-in-california/>

Whole Oceans. Bucksport Maine. 5,000 growing to 30,000mt in phases costing \$250M USD in total.

Started construction in 2018. <https://bangordailynews.com/2018/07/02/business/bucksport-salmon-farm-hires-production-officer-with-36-years-in-aquaculture/>

Atlantic Sapphire, Miami Florida. 10,000mt growing to 90,000mt to 220,000mt in 3 phases. Phase 1 expected completion date is early 2020. <https://www.seafoodsource.com/news/aquaculture/atlantic-sapphire-building-usd-350-million-land-based-salmon-farm-in-miami>

<https://salmonbusiness.com/atlantic-sapphire-doubles-up-on-land-to-expand-production-capacity/>

Aquabanq. Millinocket Maine. 3,600mt growing to 10,000mt. Construction to start 2019.

<https://salmonbusiness.com/third-player-enters-the-ring-to-join-maines-land-based-salmon-farming-boom/>

Pure Salmon. 20,000mt. Tazewell County, Virginia. 2019 <https://salmonbusiness.com/land-based-salmon-farming-company-announces-major-new-sites-in-us-france-and-italy/>

<https://salmonbusiness.com/land-based-salmon-farming-company-announces-major-new-sites-in-us-france-and-italy/>

Aqua MoAF Unannounced location (though to be near or be Virginia) 10,000 mt. No press release yet. Leaked during conference in 2018 – reported by Intrafish.

<http://www.intrafish.com/aquaculture/1411154/israeli-giant-aquacultures-big-money-is-in-land-based>

Global Fish (an F8:Aqua Moaf 50:50 JV). 20,000mt. No location announced.

<https://www.undercurrentnews.com/2018/11/08/pe-fund-plans-global-roll-out-of-industrial-scale-ras-salmon-facilities/>

Aquabounty (GMO salmon). 1,200mt Indiana USA. Finishing construction in 2018.

<https://www.seafoodsource.com/features/genetically-modified-salmon-producer-aquabounty-advances-to-product-commercialization>

Superiour Fresh. 55 mt in full production plus a million pounds of vegetables – aquaponics. First fish

went to market 2018. <https://www.hatcheryinternational.com/news/north-americas-ras-guru-joins-land->

[based-aquaponics-farm-in-wisconsin-3193](#)

many other small facilities of under 200 mt annually.

## **Canada**

Kuterra. BC. Recently sold after successful 3 year proof of concept. Now expanding to more than 1,000mt

Sustainable Blue, NS. Doubling to 500mt in 2018. Recently funded by an ACOA loan to double production.

Aquabouty (GMO salmon), PEI. 250 mt (1,200 mt in USA). Finishing construction in 2018.

<https://www.seafoodsource.com/features/genetically-modified-salmon-producer-aquabouty-advances-to-product-commercialization>

A few tiny ones in BC (less than 50 mt) eg <http://salmonbusiness.com/land-based-rainbow-trout-farm-proposed-in-british-columbia/>

## **Denmark**

Landsandlaks. Expanded to 3,000mt during summer 2018. <http://salmonbusiness.com/atlantic-sapphire-nears-pivotal-danish-harvest/>

A group including: Royal Sashimi and Grakjaer Ten production plants in various stages.

(not salmon right now) 2,000mt and growing to 4,000 mt - 5,000 mt by 2020 AND

3,600 mt under construction <http://salmonbusiness.com/danish-company-opens-land-based-farm-plans-to-build-ten-more/>

Danish Salmon. Expanded to 3,000 mt summer 2018. <http://www.danishsalmon.dk/pres3.php?id=1#>

## Poland

Jurassic Salmon Operating since 2015 at 1,000 mt <http://jurassicsalmon.pl/en/>

Global Fish 550 mt expanding to 1,000 mt. <http://www.globalfish.pl/en/fresh-salmon.html>

## Japan

“Soul of Japan” in Tsu City, Japan. Announced Oct 2018. Starts in 2019. Fish by 2020. RAS by AquaMaof Aquaculture Technologies Started by 8F Asset Management Pte, an asset management firm

focused on impact investing, based and regulated in Singapore. 10,000mt \$163M USD  
<http://salmonbusiness.com/soul-of-japan-fully-integrated-salmon-farm-and-processing-plant-planned-for-2019/>

FRD Japan, out of Sataima Japan. First 30mt July 2018 and 1500mt by 2020.  
<http://salmonbusiness.com/japanese-frd-plans-tap-water-revolution-eyes-first-1500-t/>

## **Switzerland**

Swiss Salmon. 600mt with fish in market August 2018 - going to 1,800mt by 2022  
<https://swisslachs.ch/?lang=en>

## **Greece**

Mainly trout with a few salmon in several companies and sites of 1,000 to 3,000 mt each.  
eg

## **Italy**

Mainly trout in several companies and sites of 1,000 to 3,000 mt each.

Pure Salmon. 10,000mt. Olbia in the north of Sardinia, Italy  
<https://salmonbusiness.com/land-based-salmon-farming-company-announces-major-new-sites-in-us-france-and-italy/>

## **South Africa**

Cape Nordic Corporation. Salmon and trout mixed. 1,800 mt Started construction 2018.  
<http://salmonbusiness.com/new-land-based-farm-for-sea-trout-planned-in-south-africa/>

West Coast Salmon. 4,000mt. ZERO EFFLUENT DISCHARGE. 47.4M Euros. Starts construction 2019. <https://salmonbusiness.com/4000-tonne-a-year-salmon-salmon-planned-in-south-africa/>

Pure Salmon/8F Assess management. 20,000mt \$250M USD Started construction 2019.  
<https://salmonbusiness.com/20000-tonne-land-based-salmon-farm-planned-for-lesotho/>

## **KSA**

eg

## **UAE**

Asmak. Abu Dabai. ~4,000 mt. Operational since 2016. <http://www.fao.org/in-action/globefish/fishery-information/resource-detail/en/c/338614/> and <http://gulfbusiness.com/uae-salmon-farms-big-catch/> and <https://uk.reuters.com/article/emirates-salmon/uae-firm-brings-salmon-farming-to-the-desert-idUKL5N0JB1E120131126>

Vikings Label. Dubai. 5,000 mt. Construction started 2018. <http://salmonbusiness.com/salmon-farmer-duo-set-sights-on-dubais-desert/> <https://salmonbusiness.com/the-vikings-bringing-land-based-salmon-to-the-desert-we-are-on-schedule-and-aim-to-start-construction-at-the-end-of-this-summer/>

Fish Farm, Jabel Ali. 200mt <https://salmonbusiness.com/akva-land-based-help-desert-salmon-farming-to-become-a-reality/>

Rumours of a 190,000mt facility yet to be officially announced. Dubai. <https://salmonbusiness.com/salmon-farm-planned-for-saudi-arabias-futuristic-500-billion-megacity/>

Main site is doubling production in 2019. <https://gulfnews.com/business/farmed-salmon-to-go-on-sale-as-uae-ramps-up-food-security-plan-1.63101079>

## **Qatar**

Yet to be announced but a facility is being planned rumour has it.

## **India**

India Omega Aqua. 2 times 20,000mt rainbow RAS farms using Sterner tech from Norway. <https://salmonbusiness.com/sterner-to-deliver-multiple-ras-plants-for-indian-land-based-fish-farms/>

## **Chile**

Several small to medium scale. One started as far back as 2012. land based is now ramping up here as well. Eg

Bordemar-Tumbes SpA 4,000 mt going to 24,000mt by year 3. 150M USD Construction starting in 2019. <https://salmonbusiness.com/former-ewos-executives-behind-chiles-first-land-based-salmon-farm/>

## **China**

Many projects started. Some huge ones.

Seafood Dragon. Shandong Ocean Oriental Sci-Tech 70M euros. 3-4,000mt in phase one by 2019 going to 20,000mt by 2023/2024. 2018 started construction of a 3,000mt facility with plans to expand rapidly to 20,000 mt. <http://salmonbusiness.com/norwegians-behind-land-based-ras-near-shanghai/>

Sometimes many small ones add up eg LSO salmon farms. 2013 start. Expanding ever since. <http://asf.ca/norwegian-land-based-technology-being-transferred-to-china.html>

## **Russia**

Ural Akva 10,000 mt in two phases of 5,000 each.

<http://www.intrafish.com/aquaculture/1229742/russian-start-up-touts-game-changing-tech-for-land-based-fish-farming> and <https://ilaks.no/johannes-med-storsatsing-pa-landbasert-i-russland-om-kona-finner-ut-hvor-mye-jeg-har-brukt-er-jeg-ille-ute/>

M-5 Ural, Vologda region, tech by Aqua Maof, 2,500mt. <https://salmonbusiness.com/israeli-aquatech-firm-confirms-2500-tonne-ras-salmon-farm-in-russia/>

## **Spain**

Norcantabric facility located in the northern province of Cantabria. Starting with fish in the water in 2019 and first harvest 2020/21. 3,000 mt in one phase.

<https://www.fishfarmingexpert.com/article/atlantic-salmon-to-be-farmed-in-northern-spain/>
